 **Will Malibu Media llc sue me?** 📌

I just got a subpoena from them and if they get my information, is it likely that they will press charges?

Update: I downloaded a porno that is copywrited by them but it is on pornhub.com as well and was uploaded by them and it is requesting name address and phone number.

 **Best Answer:** What did you do? What kind of subpoena is it?

Individuals and companies do not press charges. Only the district attorney or US attorney can decide to bring charges. Everyone else investigates.

EDIT: This will be a civil action not a criminal one (unless it is child porn). It's time to get an attorney.
